

## Halloween Charm

Head as North as you can until you get to the Autumn Pond. Next to it is the Purple Barrier, which can only be opened at night.

Follow the Northern path to the Spooky Manor. To the left of the doors is a brown chest. Inside is the Halloween Charm that you need to buy the Spooky Page from Ella to unlock the Halloween Horror event.

## Holiday Charm

If you have taken M (the blonde) on a date and recieved the Mysterious Pendant (and unlocked her 3 Hearts), use her wardrobe to change her outfit to Adventure.

Talk to her and select Explore.

Go through the Barrier, then head South-East. You will need to have completed Tana's mission and recieved the Scythe to cut through the vine.

Head South through the trees into the green rift.

Go North and then East and open the brown chest for the Holiday Charm that you need to buy the Holiday Outfit from Ella.

## Cupid's Charm

If you have given Rose the Mysterious Diamond from Nyx's Goddess Fountain (and unlocked her 3 Hearts), go into her Storage shed.

Interact with the now-glowing stone door in the middle to start the Trial of the Goddesses.

Complete the puzzle by collecting Pink Hearts while avoiding the images of Rose. Pull levers to despawn them temporarily. Once you have collected 6 Hearts, the images will despawn and you can collect the Purple Heart in the middle.

Once you have done so, head North and open the Pink chest for Cupid's Charm that you need to buy the Cupid's Outfit from Ella.
